#### **Urgent Field Safety Notice**

### **Urgent Field Safety Notice**

Commercial name of the affected product: LIAISON® Control anti-HBc

FSCA-identifier (e.g. date): December 18th, 2013

Type of action (e.g. definition of a FSCA): In Field Safety Corrective Action to destroy remaining inventory

Date: December 18th, 2013

Attention: Immediately stop using the below reported device and destroy any remaining inventory.

#### Details on affected device:

Type of device: In Vitro Diagnostic Medical Device

Model name LIAISON® Control anti-HBc Catalog – 310131

Batch/serial number 068033X and 068033X/1

Expiry date: February 18th, 2014

#### Description of the problem:

Internal testing confirmed that an increased frequency of control positive values recovering out of the defined limit may occur when running the LIAISON® Control anti-HBc lot n. 068033X. As a consequence the run cannot be validated.

#### Advise on action to be taken by the user:

- Stop using the device
- Identify and dispose the device.
- Fill the confirmation form to be sent back to the manufacturer

#### Transmission of this Urgent Field Safety Notice:

This notice needs to be passed on all those who need to be aware within your organisation or to any organisation where the potentially affected devices have been transferred.

Please transfer this notice to other organisations on which this action has an impact.
